FOR IMMEDIATE RELEASE: November 12, 2020

HF Planners, LLC Welcomes Thao Khia, New Junior Interior Designer to the Team
Thao brings a fresh perspective to the team at HF Planners, LLC

(Branchburg, NJ, November 12, 2020) HF Planners, LLC, is proud to announce that we have welcomed Thao Khia to the team as a Junior Interior Designer. Thao will be working closely with our Interior Designers and Project Managers to provide support on projects and help with office design, space planning and furniture specification.

Thao recently graduated from Virginia Commonwealth University with a bachelor's degree in Interior Design and a Minor in Craft Material Studies. She has had the opportunity to experience hospitality design at an internship during her senior year of college. Thao is passionate about design, art, architecture, and craft, and she is looking forward to applying her passions into her new role.

Caroline Shelly, Principal and founder at HF Planners shared, "Thao brings a unique international perspective to HF Planners which is key these days for being relevant and staying on top of current trends. Her education at VCU has provided a solid base of knowledge of the industry. Along with her hands on experience from her Craft Material Studies which allows for valuable analytical skill on how things are constructed, I believe that Thao will be a great addition to our team".

One of Thao's unique experiences includes studying abroad in Florence, Italy where she was able to expand her knowledge of design. Thao enjoys and is always looking for a challenge. Commenting on her new role she states that "design is like chemistry; it requires paying careful attention to details like things that you put in a formula. However, in design, you do not know the outcome of a new equation until you experience it". Thao is looking forward to learning with the facility design professionals at HF Planners, LLC.

About HF Planners, LLC: For over 20 years, HF Planners has served leading organizations as a trusted expert in optimizing their facilities. Recent projects included designing 30,000 sq. ft. of office space, coordinating moves and changes for a 400-person relocation, incorporating new branding within a space, and creating collaboration areas. Utilizing our expertly-honed and proven processes for planning and managing workspaces, we are able to save our clients time and money, alleviate risk, maximize their return on investment, and make a positive impact on their corporate culture.
